NOTED MEN OF NORTHWEST AT BANQUET IN McADOO'S HONOR

Left to right: Gov. Lynn Frazier, Gov. J. A. A. Burnquist, Sec. McAdoo, Archbishop John Ireland and L. W. Hill. One thousand prominent citizens from all parts of the northwest recently attended a big banquet in St. Paul, Minn., in honor of Secretary of the Treasury McAdoo. Among those present were Governor Lynn Frazier of North Dakota, Governor J. A. A. Burnquist of Minnesota, Archbishop John Ireland and Louis W. Hill, the railway magnate.

BABY FALLS AND ITS BOYS AWAY FROM STATE HIGHWAY TO BE CONSTRUCTED TO HOOPER

Falling from the third to the second floor porch of the Colonial rooming house Tuesday afternoon, the two-year-old child of Mr. and Mrs. C. E. Gobody was seriously injured, an X-ray examination showing that the child's skull sustained a double fracture.

The baby was leaning over the porch, watching Mrs. Gobody as she was working, and in some way slipped and fell, striking on its head. The little tot was hurriedly taken to the rooms occupied by the parents and afterward removed to the Dea hospital under the care of the Children's Aid society, Dr. Henry Nelson attending.

The father is employed on a steam shovel in connection with Twenty-third street paving work and was formerly with the Ogden Packing and Provision company. There are five children in the family.

About 200 Ogden and Weber county young men, who are now away from home, have sent in registration cards to County Clerk Ramey and City Recorder Richey, according to announcement made at the city and county offices today. Every man is bringing additions to the lists, while dozens of cards are being filled out locally and sent to other counties and states.

The following is the list of those who have sent cards to the county clerk, showing their present employment:

Ambrose Cyril McFarland of Ogden, with Utah Construction company, Twin Falls, Ida.

Clarence James Gosnell, 2550 Van Buren avenue, with Union Pacific at Evanston, Wyo.

Lester John Matthews, R. F. D. No. 3, Ogden; now express messenger at Salt Lake.

Adelbert C. Brown, traveling for John Scowcroft & Sons company.

Ammon Bartholomew, Slatteryville, on mission in Chattanooga, Tenn.

Ray Charles Pinkham, Hooper, with Utah Construction company at Twin Falls, Ida.

John Carver, R. F. D. No. 2, on mission at Anderson, Ind.

Roy S. Pease, traveling salesman for N. O. Nelson Manufacturing company.

John Lewis Sandus, Plain City, at Twin Falls with Utah Construction company.

Joseph Henry Cook, West Weber, at Twin Falls with Utah Construction company.

Orson P. Cottrell, Hooper, on mission, at Belle Fourche, S. D.

Building of a state highway from West Ogden through the Kanabville district to Hooper has been determined upon by the Weber county commissioners, who will ask the state commission to approve the plans for this road.

The present highway to Hooper is in poor condition and, with heavy travel from this populous farming district southwest of Ogden, there is need for the road being built at once.

The county commissioners were in conference last evening with Governor Bamberger and other state officials in Salt Lake. It was there decided that about \$60,000 will be expended on the state roads in Weber county.

Other than the Hooper road, the chief new improvement will be connecting Ogden valley and Cache valley by a road through Liberty to the top of the divide, according to the plan.

Other funds will be used in keeping the Wilson road, the Ogden canyon road and North Ogden road in condition and extending the Wilson road toward West Warren.

BRAZIL TO REORGANIZE ARMY. RIO JANEIRO, June 1.—A political movement of considerable strength is on foot to bring about reorganization of the army. The voting of new credits for military purposes and an increase in the enlisted strength of the army has been proposed.

German Spies Gain Access to Government Correspondence Through Waste Paper Baskets.

SAN FRANCISCO, June 1.—A leak in the San Francisco postoffice building, from which government secrets reached outside sources, was admitted here today by John W. Preston, United States district attorney.

First intimation of the leak came in the form of a scrap of paper thrust under the door of a room in the building assigned to newspaper men.

"Warn Moffitt of secret service that German spies are having access to government correspondence through waste paper baskets," was written on the paper.

"There is a leak," said Preston, when shown the writing. "This may be it."

Harry Moffitt, chief of the local department of United States secret service, is the man referred to in the note. Moffitt and some other officials, it is said, destroy every piece of writing with which they have to do. Other officials have not been so careful, it is said. There are twenty janitors and janitresses in the building, and waste paper is disposed of by contract.

CIVILIANS INSPECT A HOSPITAL SHIP

WASHINGTON, June 1.—A civilian commission composed of Abraham Flexner of New York, Dr. William H. Welch of Baltimore and Nathan Strauss of New York will inspect the naval hospital ship Solace and the navy's method of treating sick sailors.

Already Admiral Mayo is conducting an investigation of charges of mistreatment contained in a round robin signed by several enlisted men who were patients on the Solace.

The civilian commission conferred with Secretary Daniels today before going to inspect the naval hospitals in the vicinity of the fleet rendezvous.

They were told by the secretary that the charges of improper treatment of the men were being used to foment a spirit of unpatriotic resistance to the registration law and that an immediate report was necessary.

FALLS INTO A HOLE DURING STORM OF TUESDAY

Mrs. Evelyn E. West of 528 Twenty-fourth street, is confined to her bed as the result of injuries accidentally sustained Tuesday evening at Madison avenue and Twenty-third street. She was on her way to the Sixth ward chapel about 7:30 o'clock, during the heavy rainstorm. Water having covered the crossing, she stepped on a mound of dirt from an excavation, seeking to make her way across the street from that point.

She quickly found, however, that this was impossible and turned back. As she turned the dirt slipped from its mooring, carrying her with it into a surging mass of mud and water. She was taken from the hole by a man, who heard her cry out as she fell, and she managed to walk home, though wet through and considerably bruised.

Later in the evening she was taken with chills and has been ill ever since. When she fell Mrs. West dropped her handbag and lost her spectacles and some valuable papers.

HOLIDAY IS DECLARED MAY BE NO DRAFT IN EMPLOYES OF THE U. P. AND L. THE STATE OF UTAH

Today P. M. Parry, local manager of the Utah Power and Light company, notified his employees of a holiday on next Tuesday and issued the following instructions:

"To the heads of all departments—Please be advised that registration day June 5th, 1917, will be declared a holiday at all offices of the Utah Power and Light Co. You, of course, will make such arrangements as are necessary to provide to carry on the company's work at the plant, substations, distribution departments, etc., but in connection with carrying on this work it will be necessary to make such arrangements that employees subject to registration will have sufficient opportunity to register during the time allotted for that purpose."

If there are 1,000 more men enlisted in this state in the army before the registration for the selective draft begins, there will be no draft in Utah, Captain J. D. Watson of the army recruiting station announced today. Men who are already recruited will count in the number required of Utah with the selection is made, and every man who goes in the army, either regular or national guard from Utah between now and the 5th of June will reduce by that many the quota that will be asked of this state, Captain Watson said.

DRAMATIC READINGS AT WEBER ENJOYED.

NORWAY GROWING MORE ANTI-GERMAN

CHRISTIANIA, May 6 (Correspondence of the Associated Press).—Several recent happenings have served to emphasize the anti-German feeling which manifests itself predominately these days in the press and in public expression in Norway.

One of these was the widespread demand for the cancellation of the engagement of the Berlin Philharmonic orchestra (under Arthur Nikisch) to play here on May 11. Even the newspaper Morgenbladet, which hitherto had been friendly in its attitude toward Germany, protested in a very satirical article against a German institution like this intruding on Norwegian hospitality at a time when Norwegian ships are being torpedoed by the hundreds and Norwegian sailors engaged in their country's trade were being killed by the Germans.

NO INDEMNITY IS SOCIALIST SLOGAN

STOCKHOLM, June 1, 4:20 p. m.—Immediate peace on the basis of no annexation and no indemnities and complete political restoration of occupied territories are advocated by the delegation of Hungarian Socialists which has come to Stockholm to attend the meeting of Socialists from various belligerent countries who are now holding group conferences.

Regarding Belgium, the Hungarian group at today's conference urged that the cost of restoration should be borne by Germany, although if persistence in this demand meant prolongation of the war the cost should be shared by all the great belligerents. Serbia, too, in the opinion of the delegates, should be restored by the great belligerents. The question of Alsace-Lorraine, the Hungarians believe, might be settled between the Socialists of France and Germany.
